

Mathematics Teacher

Brophy College Preparatory, Arizona's only Catholic, Jesuit high school in Phoenix, is currently seeking a dynamic Mathematics instructor for an opening beginning in August 2019. Candidates for this position must possess the ability and the desire to teach the highest level courses offered in the department including Multivariable Calculus and Differential Equations. Preference will be given to candidates who are able to teach a variety of courses, including possibly Physics. Candidates only available for a part-time or adjunct position to teach the most advanced math courses are also encouraged to apply.

Brophy offers its student body of 1300 boys a rigorous and relevant college preparatory curriculum, a highly developed fine arts and music program, a diversity of extracurricular activities, and a strong retreat and service learning program. As a Jesuit school, Brophy takes great pride in striving to form well-rounded young men who are firmly grounded in a relationship with God that orients them to lead lives of service. Brophy faculty participate in a 1:1 technology program with their students and there is a wide variety of resources available to foster creative and critical thinking. In addition to the high school, Brophy includes Loyola Academy which is a tuition-free, comprehensive junior high school program for sixth, seventh, and eighth grade boys who demonstrate academic promise but have had limited educational opportunities.

Interested applicants should submit a letter of interest and résumé to Bob Ryan, Principal: bryan@brophyprep.org. Compensation and benefits are competitive and commensurate with experience. More information about the school is available at www.brophyprep.org.
